For the trainings to date, LAC has purchased the manuals for all participants regardless whether an organization was sending its employee to the training or if the participant was a member of Hill County or a nearby community. This motion is to establish the practice of passing on the cost for participant manuals (\$22.00 for each manual) to organizations whose employees complete the trainings and for to continue to provide Hill County

community members the manuals at no cost until such a time when LAC procures financial support to supply all manuals for those who complete the MHFA training, including local, Hill County organizations' employees."

Darlene Sellers motioned to approve the proposal as written. Jasmine seconded the motion. All members present in favor of the proposal.

Jasmine made the motion for Darlene to order workbooks for the upcoming Mental Health First Aid Course and for the LAC to fund the purchase and be reimbursed by participants at the time of registration. Sandy Derry seconded the motion. All members present were in favor of the purchase.

Jasmine reported she will be a referral source for individuals who are interested in taking the adult Mental Health First Aid course and are unable to pay the \$22.00.
